TRADE-PRICE LIST OF

ROSES

U.S. Department of Agriculture
Washington, D.C.
FIELD GROWN OWN ROOTS

Armstrong Nurseries

Ontario, California

THE Rose Bushes we offer this season are the finest we have ever produced. In order to obtain a strong growth, well hardened up, we have held them over the second year. It is always difficult to get the one one-year plants hardened up sufficiently by digging time. Most dealers know this by experience. Our two-year Roses will please you.

In addition to the sorts listed, we have a large number of varieties in limited quantity. Write us regarding your requirements.

Remarks

This season we are making three grades in roses, as follows:

No. 1. A standard grade suitable for the general nursery trade: 24 to 30 inches of wood excepting some of the weaker growing Teas and Hybrid Teas which will pack 18 to 24 inches.

No. 2. Suitable for mailing plants or transplanting in pots. Will grade 12 to 18 inches of wood.

XX. Stocky and strong. Cut back to 30 inches of wood.

Prices are F. O. B. Ontario. As far as possible make orders in multiples of ten. Add one-fourth to price quoted, on orders of less than five of any variety.

Remittance or bank reference must accompany order from unknown correspondents.

Attention! Ornamental Buyers

We have a surplus in Shade and Ornamental Trees, well grown and first-class in every respect. If interested, write us for quotations on the following:

Deciduous:-

European Sycamore
Mulberry, Teas Weeping
Mulberry, Downings Everbearing
Mulberry, American White
Spanish Chestnut
Texas Umbrella

Evergreen:-
